

Ken Liebman

Dear Shadeworld

We would just like to thank you for your excellent service you have given us with installing the shade netting over our car ports on the premises in Germiston. It has always been a pleasure doing business with you on our various developments and property requirements, you offer us reliable and competent service at reasonable rates, with very good workmanship and an excellent product. I would have no hesitation referring you as a reputable company that we have used many times over the years and have never let us down.

Kind Regards

Ken Liebman
